

REMARKS

In the Official Action the Examiner withdrew claims 10-25, the only claims pending in the application from consideration as being directed to a patentably distinct non-elected invention. Applicants have filed herewith a Continued Prosecution Application (Divisional Application) in connection with the above identified application. Therefore, Applicants have canceled claims 10-25 from the application and have added new claims 26-41 (renumbered claims 10-25) and most respectfully request entry of this amendment and examination of claims 26-41.

In view of the above comments and further amendments to the claims, favorable reconsideration and allowance of all of the claims now present in the application are most respectfully requested.

Respectfully submitted,

BACON & THOMAS, PLLC
